

BRIDGES ON THE CUMBERLAND ROAD.

JOINT RESOLUTION

OF

THE GENERAL ASSEMBLY OF INDIANA,

RELATIVE TO

Bridges on the Cumberland road.

FEBRUARY 19, 1844.

Referred to the Committee of the Whole House on the state of the Union.

A JOINT RESOLUTION in relation to certain repairs on the bridge across White river, on the national road.

Whereas the bridge across White river, on the national road, immediately west of the city of Indianapolis, and also the bridge over the east fork of White Water, at Richmond, and the bridge across Blue river, at Knightstown, are in great danger of falling, in consequence of the decay and ruinous condition of the abutments and piers of said bridges: and whereas the Legislature of the State of Indiana has no control over that subject: and whereas the national road, and all the bridges and improvements thereon, are the peculiar objects of care and protection of the National Government: Therefore,

Be it resolved by the General Assembly of the State of Indiana, That our Senators in Congress be instructed, and our Representatives be requested, to use their influence to procure an appropriation, during the present session of Congress, for the purpose of making all necessary repairs to said bridges.

Be it further resolved, That his excellency the Governor be directed to transmit a copy of this joint resolution to each of our Senators and Representatives in Congress.

A. L. ROBINSON,
Speaker of the House of Representatives.

JESSE D. BRIGHT,
President of the Senate.

Approved, January 5, 1844.

JAMES WHITCOMB.
